Experience Verification Form - Part I (continued)

EXAMPLE OF UNIQUE NON-OVERLAPPING MONTHS

Calculating professional project management experience:

Each month in which you worked on multiple, overlapping projects is to count as one month toward the total months of unique, non-overlapping professional project management experience.

In this example, the project manager worked on Project 1 and Project 2 simultaneously February—April. The time spent on both projects counts as three, not six, months toward the total to fulfill the professional project management experience requirement.

Experience Verification Form - Part II

For each project, please list by each of the five Process Groups, the number of hours you have spent leading and directing projects. This will count toward the hours of experience needed for the eligibility requirement. Remember to record the project number that corresponds with the project documented in Part 1 of the Experience Verification Form.

Project #	
INITIAT	ING THE PROJECT
	Defining the project scope and obtaining approval from stakeholders. For example: Perform project assessment; define the high-level scope of the project; perform key stakeholder analysis; identify and document high-level risks, assumptions, and constraints; develop and obtain approval for the project charter.
	TOTAL HRS.

PLANNING THE PROJECT

Preparing the project plan and developing the work breakdown structure (WBS). For example: Assess detailed project requirements, constraints, and assumptions with stakeholders; create the work breakdown structure; develop a project schedule; develop budget, human resource management, communication, procurement, quality management, change management, and risk management plans; present the project plan to the key stakeholders; conduct a kick-off meeting.

тотл	AL HRS.
------	---------

EXECUTING THE PROJECT

Performing the work necessary to achieve the stated objectives of the project. For example: Obtain and manage project resources; execute the tasks as defined in the project plan; implement the quality management plan; implement approved actions by following the risk management plan; maximize team performance.

MC

MONITOR	RING AND CONTROLLING THE PROJECT
p e	Monitoring project progress, managing change and risk, and communicating project status. For example: Measure project performance using appropriate tools and techniques; manage changes to the project scope, schedule, and costs; ensure that project deliverables conform to the quality standards; update the risk register and risk response plan; assess corrective actions on the issue register; communicate project status to stakeholders.
	TOTAL HRS.
CLOSING	THE PROJECT
c fi	Finalizing all project activities, archiving documents, obtaining acceptance for deliverables, and communicating project closure. For example: Obtain final acceptance of the project deliverables; transfer the ownership of deliverables; obtain financial, legal, and administrative closure; distribute the final project report; collate lessons learned; archive project documents and materials; measure customer satisfaction.
[TOTAL HRS.
	TOTAL HOURS ON PROJECT

PMP Credential Application · Page 6 Experience Verification Form - Part III

In the space provided below, please summarize the project tasks that you led and directed on this project. Candidates are **required** to use this form to summarize deliverables. Attachments (e.g., scope of work documents) will not be accepted. Remember to record the project number that corresponds with the project documented in Parts I and II of the Experience Verification Forms.

Project Management Education Form

Please photocopy this form if you require additional space.

Please document 35 contact hours of project management education/training. One contact hour is equal to one hour of participation in an educational activity. These hours must be related to project management and can include content on project quality, scope, time, cost, human resources, communications, risk, procurement, or integration management. Courses, workshops and training sessions offered by one or more of the following education providers apply.

- A. PMI Registered Education Providers (R.E.P.s)*
- B. Courses or programs offered by PMI Component organizations*
- C. Employer/company-sponsored programs
- D. Training companies or consultants
- E. Distance-learning companies, including an end of course assessment
- F. University/college academic and continuing education programs

The following education does not satisfy the education requirements:

- PMI chapter meetings
- Self-study (e.g., reading books)

*Courses offered by PMI R.E.P.s, PMI Components (chapters, specific interest groups, colleges), or PMI, are preapproved for contact hours in fulfillment of eligibility requirements.
